Amy,

Our suggestion is to add DEQ-12A and 12B and the base numeric nutrient standards implementation guidance to the list in #3 of what Montana's WQS include. Thanks for the opportunity to review!

Subject: public notice for triennial review

Hi Tonya,

I've attached the draft public notice for our triennial review. The content is in item 3. I need to get this out by next Wednesday so if you could take a look at it before then, that would be great (it's short). Thanks so much!

Amy
